

## The New FDA Law: A Green Light for Tobacco Control?

Speakers will summarize the FDA law and the legal challenge brought against it, detail which tobacco control policies are affected by the law, and review the Communities of Excellence indicators that are impacted by the law. This webinar will provide guidance for communities about which indicators have a green light for moving forward and which should be approached with caution because of potential legal concerns.

**Date & Time: Tuesday, October 20, 2009, 11 a.m. to 12:30 p.m.**
